Zones Joins GHX Exchange to Simplify Healthcare IT Supply Chain Access

Working with GHX Makes Zones Solutions and Services More Accessible to Healthcare Customers

AUBURN, Wash., April 24, 2018 — [Zones, Inc.](#), today announced that it has officially launched solutions, services, and product offerings on the [Global Healthcare Exchange \(GHX\) e-commerce platform](#). Participating on the GHX Exchange will simplify IT supply chain accessibility for over 5,500 healthcare providers in North America and Europe.

GHX has facilitated healthcare procurement for nearly 20 years through its GHX Exchange. The Exchange automates the ordering process and provides healthcare providers with visibility into supply chain transactions, helping to deliver an accurate and efficient trading partner relationship.

“Zones is streamlining the procurement process for our valued healthcare customers by working with GHX, an established and trusted supply-chain automation company,” said Robert McGowen, Vice President and General Manager of Healthcare Sales at Zones. “As we continue working with customers to develop solutions focused on modernizing healthcare IT environments to improve the overall quality of patient care, providing greater access to Zones offerings is paramount.”

Zones reached \$2 billion in sales for 2017 and was recently named to the [Elite 150](#) as a part of the CRN Managed Service Providers (MSP) 500 list. Zones has been providing IT solutions to the healthcare industry for nearly a decade and works with some of the largest and most prestigious healthcare systems in North America to improve the patient experience and quality of care through top-tier technology partnerships and a team of technical experts.

“We are pleased that a quality solutions provider with global scale and reach such as Zones is now operating on the Exchange, giving healthcare even more access to the Zones IT products and services portfolio,” said Tina Murphy, Chief Revenue Officer at GHX.
