

Zones Launches Services Company, Zones nrastructure

AUBURN, Wash., March 5, 2018 — Zones, Inc., today announced the launch of Zones nrastructure, the Services Company of Zones, under the leadership of Dan Pickett, who will be the subsidiary's Chief Executive Officer. This combines Zones legacy solutions business and nrastructure into a single entity with the technical sales, consulting, professional services, and service delivery resources to help customers solve their toughest challenges by providing unmatched capabilities in strategy, consulting, technology, and operations.

Zones acquired nrastructure Technologies, LLC, a well-respected North American solutions and managed services provider, in November of 2016. Today's announcement completes the full integration of the acquisition and leverages the synergy of the combined organizations.

"Zones has successfully transformed its business into a solutions-first organization," said Dan Pickett, CEO of Zones nrastructure, the Services Company of Zones. "The combination of IT and solutions powerhouses provides the company with the ability to scale and manage IT infrastructure end-to-end. Our teams are equipped and ready to design, implement, and manage large-scale and complex projects both nationwide and globally."

Zones reached \$2 billion in sales for 2017 and was recently named to the Elite 150 as a part of the CRN Managed Service Providers (MSP) 500 list. With a global workforce of more than 2,000, including over 500 technically proficient solutions and services professionals, Zones continues a strong focus on workplace solutions, while leveraging Zones nrastructure for solutions and services covering network optimization, data center transformation, and security fortification. And Zones provides customers with a single source for acquiring complex IT solutions, simply.

"Zones continues to lead the way in digital transformation. Our success is greatly related to our joint focus, which aligns more closely to the dynamic business challenges of today," said Firoz Lalji, CEO of Zones. "The combination of our innovative workplace offerings, mixed with our solution-based expertise and our ability to deploy advanced technology around the world, truly makes us a leader within the IT space."

About Zones, Inc.

Zones, Inc. is a \$2 billion global IT solutions provider, delivering products and services to help companies transform digitally, from the desktop to the data center and the cloud.
