**Zones Offers IT Expertise to Facilitate Infrastructure Transformation at CustomerConnect Business Conference**

*Event Provides Zones Customers with Information and Education on Advanced IT Solutions*

ORLANDO, Fla., May 25, 2016 — Today, [Zones, Inc.](#) kicks off its CustomerConnect Business Conference, a three-day event focused on building agility and innovation. Throughout the event, attendees will hear from Zones leaders, as well as many of the top technology brands in the world, regarding infrastructure transformation. The CustomerConnect conference, which is open to select Zones customers, takes place at the JW Marriott Orlando Grande Lakes resort hotel.

“At Zones, our focus is to provide the services that our customers require to drive their business forward, no matter what industry they’re in or what technology they need,” said Dominic Camden, senior vice president of the Enterprise Sales organization at Zones and co-host of CustomerConnect. “During CustomerConnect, we’ll discuss how our customers can embrace new architectures to build the perfect balance of on premise, cloud-based, and mobile resources to meet their business needs.”

The Zones CustomerConnect event is dedicated to defining, discovering, and deploying the optimal technologies for forward-looking organizations. During the event’s Technology Showcase, conference attendees will view the latest solutions for cloud, data center, mobility, security, and unified communications solutions from over 40 leading technology companies.

Strategically partnered with the world’s leading technology brands, Zones teams with customers to solve their most pressing IT challenges. Recently named as one of [CRN’s Tech Elite 250 Solution Providers](#),

Zones is an IT solutions and services company with a global network of experts and partners that provide strategic solutions. Learn more at [www.Zones.com](http://www.Zones.com).

### **About Zones**

Zones, Inc., supports business, healthcare, the public sector and specialty markets by applying innovative technology solutions across a variety of specializations including networking, security, software, storage, mobility, data center and virtualization. Zones holds the highest levels of technical certification from every key solution provider we represent, including Cisco Gold, EMC, Dell Server and Storage Technical, IBM System and Storage Technical, Hewlett Packard Enterprise and VMware Infrastructure, among others. Zones is a nine-time recipient of the Microsoft Excellence in Operations award. Incorporated in 1988, Zones is headquartered in Auburn, Wash., and is a certified MBE company.
