Updated, mobile-friendly design makes recycling possible *from nearly anywhere*

Recycling that works for you and the planet

Maximize Your Sustainability Impacts

Multiple options give you flexibility and increase opportunities to recycle with ease, and in bulk.

Drop it off

Easy replace toner

Return your used cartridges to any of the participating stores below for free- and at your convenience.

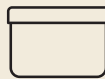

- Walmart
- Office Depot
- Staples

Mail it back

Simply package your used cartridges in our ready-to-ship ink envelopes (which can be ordered for free online) or, to be more sustainable, you can just use any box you may have, print a free shipping label, and send them back to us.

If you don't have a box, you can order a free postage-paid box too.

Recycle in bulk

Request free return boxes to improve your sustainability impacts, returning multiple used cartridges at a time.

More efficient shipments = less fuel consumption + lower CO² emissions

Request a pallet pickup

Got more than 76 toner cartridges or 1,000 ink cartridges to return?

Use our website to schedule a free pallet pick up.

Pallets must be uniform (i.e. only HP toner or only Samsung toner)

Best practices in supplies recycling

Please do not mix ink and toner cartridges together in the same box or envelope.

The image shows a white smartphone with a silver home button, displaying a registration form. The form has a blue header with the text "Create your HP account" and a sub-header "One account connects you to all of your HP applications". Below the header are several input fields: "First name", "Last name", "Email address", "Create password" (with an eye icon), "Confirm password" (with an eye icon), and "United States" (with a dropdown arrow). A small note "This will be your username" is positioned between the email and password fields.

Track your orders & your impact

Registering gives easy access to:

- One-click re-ordering for recycling materials
- Order tracking
- Recycling benefit reporting
- Certificates for businesses
- Link accounts to track collective impacts across your organization

Dear <Customer Name>

Thank you for your participation in the HP Planet Partners Program. Your involvement helps make printing more sustainable, keeping cartridges out of landfill for good. Below you'll find details on how returned cartridges are recycled, as well as our record of your contribution.

HP toner and ink cartridges

Returned Original HP LaserJet and Samsung (toner) and ink cartridges are collected and sent to recycling facilities in Virginia, Kentucky or Tennessee. These facilities are fully permitted and meet the requirements for ISO 14001 and ISO 9001, an internationally recognized standard of environmental management systems.

Applications of recycled materials

All Original HP cartridges returned through HP Planet Partners go through a multiphase recycling process. They are reduced to raw materials, which can then be used to make new metal and plastic products, such as HP cartridges. Any remaining material is handled responsibly through energy recovery.

Your contribution

Our records indicate that you have returned the following quantities of cartridges for recycling from: <mm/dd/yyyy> to <mm/dd/yyyy>
