

Adobe Acrobat DC CLP Packs

Receive additional savings of up to 17% on top of your current discount level, and get a trusted, hassle-free PDF solution for your organization.

Adobe Acrobat DC CLP Packs make it easy for commercial and government organizations to save even more when purchasing Acrobat software within the Adobe Cumulative Licensing Program (CLP).

Built-in discounts immediately available

Acrobat DC CLP Packs are offered worldwide through the CLP and are available in six quantities, starting at 50 seats and ranging up to 1,000 seats, for full-seat purchases of Acrobat Standard DC and Acrobat Pro DC.

Acrobat Standard and Pro DC		
Quantity	License Type	Discount
50	Full and upgrade licenses	3%
100	Full licenses only	5%
250		8%
500		11%
750		14%
1,000		17%

Easy to purchase and deploy

Acrobat DC CLP Packs can easily be added to any CLP transaction by an Adobe Authorized Reseller or Adobe sales representative. As a CLP member, you can benefit from centralized tools to help track and manage your Adobe software volume licenses through the Adobe Licensing Web Site (LWS). Also streamline deployments and updates with Microsoft SCCM/SCUP and Apple Remote Desktop.

Acrobat desktop software combined with the free Acrobat mobile app and free Adobe Document Cloud services support end-user demand for mobile solutions. In addition, Acrobat DC incorporates industry-leading security measures:

- Take advantage of Protected View, sandboxing technology that opens untrusted PDF files in a read-only environment.
- Selectively enable JavaScript technology for both Windows and Mac OS.
- Add passwords and permissions to prevent others from copying, editing, or printing.
- Permanently remove visible and hidden data with sanitization and redaction tools.
- Apply document security measures consistently with the Acrobat Publish Sensitive Information Guided Action.
