

Adobe® Creative Suite® 5 K-12 School Site Licenses

Prepare students for academic and career success
with new Creative Suite 5 software and teaching resources

Affordable site licenses are available for new Adobe Creative Suite 5 software. Creative Suite 5 and supporting resources help K-12 educators prepare students for the 21st century workforce. Using industry-standard tools, students learn print, web, audio, animation, video, and mobile design skills for success in postsecondary education and careers. Resources include standards-aligned curriculums, certification for teachers and students, and faculty professional development.

CS5 Master Collection K-12 School Site Licenses—Teachers and students get all the features of Creative Suite 5 Design Premium, Design Standard, Web Premium, and Production Premium editions with Creative Suite 5 Master Collection software. This comprehensive package allows students to design across media with the latest in industry-standard print, web, interactive, video, and mobile design tools from Adobe. This is the most inclusive, value-packed offering in the Adobe K-12 School Site License lineup.

CS5 Design Premium K-12 School Site Licenses—Students and educators can easily create print, web, and mobile content with Creative Suite 5 Design Premium software. New tools empower students to express ideas faster—in print and online—and to produce interactive content without coding.

CS5 Design Standard K-12 School Site Licenses—Creative Suite 5 Design Standard software gives students and educators the tools they need to produce breathtaking images, sophisticated graphics, and precise layouts.

CS5 Web Premium K-12 School Site Licenses—Creative Suite 5 Web Premium software helps educators teach standards-based career skills in web design and development. New features allow teachers and students to create interactive web content without having to learn how to write code. Other features enable students to design content and applications for mobile devices.

CS5 Production Premium K-12 School Site Licenses—Creative Suite 5 Production Premium software helps educators teach the filmmaking, broadcasting, and video post-production skills needed for rapidly evolving industries. New features support the latest tapeless workflows and provide increased performance—64-bit operating system support, GPU acceleration, and more—for working fluidly in HD, streamlining workflows, and allowing students more time to experiment.

Benefits of Adobe K-12 School Site Licenses

Affordable solutions—Buy the latest cross-platform creative tools at prices to match your school and district budgets. Value-priced Adobe K-12 School Site Licenses help ensure that schools can easily and affordably adopt these tools for their career and technical programs, while allowing for their use in the administrative office and in other curricular subjects as well.

Essential, industry-standard tools—Creative Suite 5 K-12 School Site Licenses put the same tools top professionals from a variety of fields use into classrooms at the best possible price, giving students the skills to compete and succeed in postsecondary education as well as the global workforce.

Resources

Free curriculums are available online at www.adobe.com/go/k12_curriculum.

Adobe Certified Associate Classroom Licenses

Academic institutions can now offer an unlimited number of ACA exams. With the ACA Classroom License, your institution can conduct unlimited online ACA testing in one classroom with up to 30 computers. For education providers in all areas, the ACA Classroom License means lower costs, expanded implementation, increased control, and simplified budgeting.

For information on the Adobe Certified Associate program, visit www.adobe.com/go/k12_associate.

Free curriculum sets—Adobe provides project-based curriculum guides developed specifically for teaching valuable career skills in graphic design and print production, web design and development, and video design and production based on Creative Suite 5. The projects collectively provide enough content for a full-year course in each discipline and have the International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS) Seal of Alignment.

Adobe certification programs—Educators can add credentials and students can open up new opportunities by becoming certified for entry-level CS5 skills as an Adobe Certified Associate (ACA) and for professional-level CS5 skills as an Adobe Certified Expert (ACE).

Support for the latest Mac OS and Windows® systems—Students and educators can experience the ultimate in performance when running Creative Suite 5 tools natively on Intel® based Mac OS systems and Microsoft® Windows 7 systems. Creative Suite 5 also works on Windows Vista® and Windows XP.

Adobe Creative Suite 5

This chart shows which components are included in each version of Creative Suite 5.

* CS Live online services are complimentary for a limited time. See www.adobe.com/go/cs/live for details.

This product may allow you to extend its functionality by accessing certain features that are hosted online, including CS Live online services ("Online Services"), provided you have a high-speed Internet connection. The Online Services, and some features thereof, may not be available in all countries, languages, and/or currencies and may be discontinued in whole or in part without notice. Use of the Online Services is governed by separate terms of use and by the Online Privacy Policy, and access to some services may require user registration. Some Online Services, including services that are initially offered at no charge, may be subject to additional fees and require a separate subscription. For more details and to review the applicable terms of use and Online Privacy Policy, visit www.adobe.com.

On-site professional development

Adobe, in partnership with Knowledge Network Solutions, is offering expert, instructor-led workshops that focus on integrating Creative Suite 5 tools into school curriculums. Contact your Adobe Authorized Education Reseller for more information or to purchase the workshops. Locate a reseller at <http://partners.adobe.com/resellerfinder/na/education.jsp>.

Pricing

Adobe Creative Suite 5 School Site Licenses are available only to qualifying K-12 public and nonpublic schools located at a single address. These licenses are not available to postsecondary or higher education institutions.

School Site Licenses—North America ¹					
	Design Standard	Design Premium	Web Premium	Production Premium	Master Collection
TLP (up to 500 installations)	\$8,499	\$10,499	\$10,499	\$10,499	\$16,999
TLP (up to 250 installations)	\$7,499	\$9,499	\$9,499	\$9,499	\$15,999
CLP (up to 500 installations)	\$7,499	\$9,499	\$9,499	\$9,499	\$14,999
CLP (up to 250 installations)	\$6,499	\$8,499	\$8,499	\$8,499	\$13,999

¹ All prices are in U.S. dollars. K-12 School Site Licenses, which may be purchased by qualifying educational institutions in the United States and Canada, are now available in Adobe's Transactional Licensing Program (TLP) and Cumulative Licensing Program (CLP).

Creative Suite 5 K-12 School Site License details

Creative Suite 5 K-12 School Site Licenses include software licenses for installation on up to 250 or 500 computers. When purchasing K-12 School Site Licenses, customers also must purchase one media kit DVD.

Upgrade Plan

Easily keep your school or district current with Adobe software. No matter which licensing option you choose, an Upgrade Plan makes it better. You get access to all Adobe upgrades for your covered products during the life of your Upgrade Plan. And during the first three months of your CLP membership, you may also order an Upgrade Plan for previously acquired, current-version Adobe software licenses (as long as Adobe has not announced a new version), bringing all your installations into a unified technology management program.
