

Adobe® Open Options Nonprofit Licensing Program

Adobe recognizes that nonprofit organizations must accomplish more with less. That's why Adobe is pleased to provide solutions that can help nonprofits maximize their limited time, money, and manpower. Whether your organization needs to deliver services, spread a message, or raise funds, Adobe has software that can help—and the ideal program to make the software affordable.

Who is eligible to participate in the Adobe Nonprofit Licensing Program?

To qualify for Adobe's Nonprofit Licensing Program, organizations in the U.S. must be qualified as §501(c)(3) organizations or specific §509 organizations, as defined by the United States Internal Revenue Code. Please see <http://apps.irs.gov/charities/charitable/article/0,,id=96099,00.html> for additional information. Canadian customers must be registered with the Canadian Revenue Agency, in accordance with the Excise Tax Act (ETA), subsection 123(1) and 259(1). Please see <http://www.cra-arc.gc.ca/tax/charities/menu-e.html> for additional information.

Organizations must demonstrate their qualifying tax status with documentation before orders can be placed.

Get the software your organization needs—at affordable prices*

The Adobe® Open Options Nonprofit Licensing Program provides amazing discount levels on both volume licensing and single-seat purchases*. It's possible for a qualifying organization to save over 50 percent off the commercial price on desktop software products such as Adobe Acrobat® 7.0 Professional and Adobe Photoshop® CS2—or on multi-product suites such as Adobe Creative Suite 2, Adobe Production Studio Premium, and Macromedia® Studio 8 from Adobe.

Keep clients and supporters happy by keeping your personnel on the cutting edge

From improving workflows with Adobe Acrobat's electronic PDF files ... to producing eye-catching publicity material with Adobe Creative Suite 2 ... to delivering multimedia interactive content with Studio 8, Adobe has software that can greatly enhance your organization's effectiveness. And nonprofits can ensure they'll stay on the cutting edge by selecting an Open Options plan that gives them the current released, updated version of a software title during the term of the coverage period. This is a great way to get the most out of a software investment and continue to produce professional-quality work.

Benefit/feature categories	Coverage and availability guidelines/answers
Customer profile	Registered nonprofit organizations
Geographic availability	U.S. and Canada
Product availability	All Adobe desktop products are available—Acrobat, Photoshop, Illustrator®, Macromedia Dreamweaver®, Macromedia Studio, and other popular titles from Adobe
Upgrade plan available?	Yes, on most titles
Minimum purchase required	1 unit

How can my organization make purchases through the Adobe Nonprofit Licensing Program?

Nonprofit organizations interested in purchasing products should contact one of the authorized Adobe nonprofit and academic resellers. A list of authorized resellers can be found online at www.adobe.com/buy.

Resellers are required to verify customer eligibility prior to sale, either through securing a copy of eligibility certification or by verifying the organization through the IRS or Canadian Revenue Agency registry.

Nonprofit licenses are for the exclusive use of the eligible purchasing agency and cannot be resold. Nonprofit licenses may not be exported outside the United States and Canada nor sold or transferred to affiliates outside the United States and Canada.
