

Additional 1-Year Battery Protection Plan for FREE!

Connect and register your cloud-enabled Connected Smart-UPS™ with APC™ SmartConnect to receive your extra 1-year protection plan.

What is APC SmartConnect?

APC™ SmartConnect is a **free** cloud-enabling feature that allows you to monitor your UPS online – anytime – anywhere through any internet connected device.

APC SmartConnect Benefits

- Free cloud-enabling monitoring feature
- Additional 1-year protection plan for your battery upon connection and registration
- Accessible from any internet connected device, on site or mobile
- Automatic firmware updates
- No special software, SNMP trap or coding required
- Proactive actionable alerts and lifecycle recommendations

Getting Started is Easy

1 Install your UPS

Install your SmartConnect-compatible UPS at your business site. Connect it to your network using a dedicated ethernet port.

2 Scan the QR code

Scan the QR Code printed on your Smart-UPS, and automatically register your device with the SmartConnect Web Portal.

3 Register your UPS

Create a Schneider Electric account to register your Smart-UPS. Your UPS will be automatically linked to your account.

Don't Wait, Connect Now!
