"...RingCentral is one of the pioneers that actually helped create this market."

IDC Telecom TechWatch and Vendor Spotlight: 1Q13

Forbes

"RingCentral offers complete office phone systems, with conference calling and a host of other convenient features, that run completely through VoIP."

BusinessWeek

"RingCentral offers the same kind of call-management features you see at large companies but without the need for a lot of expensive equipment. All you need are the phones and an internet connection. Everything in life should be so simple."
