

FileBound Express. Instant Document Management.

FileBound Express drives the cost and complexity out of document management.

Complete document management in the form of an easy to deploy network appliance that delivers instant results. That's FileBound Express!

FileBound
Express

With FileBound Express, you can install, configure, and use your system in minutes

Quick, Simple Deployment

FileBound Express delivers instant results and shortens your ROI time line.

Simply plug the Express appliance into your network and instantly begin realizing the benefits of your own full-featured document management solution.

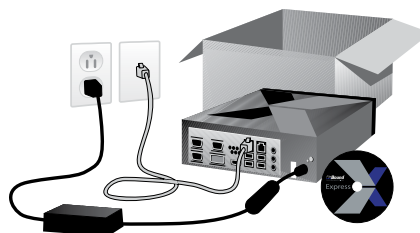

With FileBound Express we drive the complexity and high cost of ownership out of document management solutions. Our intuitive startup wizard guides you through the initial configuration process so that the system is setup to specifically meet your unique needs.

FileBound Express provides all the tools you need to scan paper documents, import images from your office copier, and save electronic documents from Microsoft Word or other applications.

FileBound Express delivers instant results for the following applications:

- Accounting
- Human Resources
- Student Records
- Medical Records
- Client Files
- Government Records
- Or any content intensive application

FileBound Express delivers on the promises of security, control, and access without the technical complexity and cost typically associated with document management solutions.

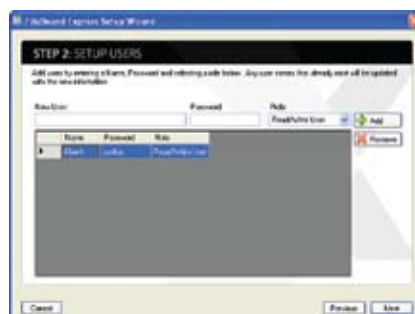

Unpack and connect the appliance.

Run the setup wizard.

Select from the pre-configured applications.

Set up users and assign rights.

Express is now configured and ready to use.
