

Jive Infosheet: Jive-n Communication and Collaboration Software

What is Jive-n?

- Jive-n is the world's leading communication and collaboration system. It provides companies with a digital workspace where employees connect with each other, get the information they need to do their jobs, and collaborate to get work done easier and faster.
- With Jive-n, your employees will be much better informed, more productive and more closely aligned with your company goals and strategy.
- Jive-n makes it simple for employees to locate people, content and information in your organization, have discussions, and ask and answer questions.
- Jive-n is really easy to use anywhere via computers, smartphones and tablets.
- Jive-n integrates with your existing applications and systems, letting everyone collaborate easily and stay connected while still using their favorite tools and apps.
- Millions of people and many of the world's most successful companies use Jive-n every day to get more work done, be more innovative and lead their markets.
- Jive-n is easy to administer and maintain, and easy to launch right out of the cloud. Or you can host Jive-n on your premises, or Jive can host it for you.

Who uses it?

- Jive-n is used by many of the world's leading organizations across a wide range of industries from high tech, manufacturing and consumer goods to government, finance and health care. Examples include Alcatel-Lucent, Anglo American, Bupa, Cisco, EMC, FICO, McAfee, Pearson, Prudential, Ricoh and T-Mobile.

How does Jive-n help organizations succeed?

- Jive-n has big positive impacts on businesses.
- It has saved companies millions of dollars per year by streamlining operations and making work more efficient.
- Companies using Jive-n are 15% more productive on average.
- Jive-n customers have improved employee satisfaction by 38% and reduced workforce turnover by 24%.
- Jive-n has helped companies increase revenues 2-4%.

How is Jive-n used?

- **As a social intranet:** Jive-n replaces or renovates your old intranet or departmental portal with a modern communication and collaboration hub that people really like using—and that really helps them do their jobs.
- **For employee communications:** Jive-n gives your corporate communications, human resources and other communications teams a really effective way to reach all employees, keep them informed and measure the impact.
- **For employee support:** Jive-n gives your IT, HR and other employee service departments a way to provide simple self-help and peer-to-peer support—reducing calls to your help desk, cutting costs and answering employee questions faster.
