Zones Earns Cisco Gold Provider Designation, Reinforcing Leadership in IT Solutions

Auburn, WA, November 21, 2024 — Zones, a global leader in end-to-end IT solutions, proudly announces its achievement of the prestigious Cisco Gold Provider designation. This milestone underscores Zones' dedication to delivering world-class managed services and innovative technology solutions, solidifying its status as a trusted partner in the IT industry.

The Cisco Gold Provider designation is awarded to partners who consistently demonstrate the highest level of expertise in deploying and managing Cisco solutions. Zones achieved this elite status by meeting rigorous standards for technical competency, customer satisfaction, service quality, and support. This recognition highlights Zones' commitment to excellence and its mission to empower businesses through cutting-edge IT solutions.

"Earning the Cisco Gold Provider designation is a significant achievement that reflects our team's expertise, dedication, and focus on delivering value to our clients," said Angela Hafner, VP of Partner and Product Management at Zones. "We are honored to be recognized by Cisco and look forward to continuing to deliver transformative IT solutions that drive innovation and success for our customers."

As a Cisco Gold Provider, Zones offers a robust portfolio of Cisco solutions, including networking, security, collaboration, and data center technologies. This designation enables Zones to deliver even greater value by leveraging exclusive Cisco tools, resources, and support to craft tailored solutions for businesses across various industries.

"Zones has consistently demonstrated excellence in implementing and managing Cisco solutions, and this Gold Provider designation is well-deserved," said Andrew Wozniak, Senior Director - Americas Managed Services. "We are excited to continue our partnership with Zones and support their efforts to help customers achieve their digital transformation goals."

This recognition reaffirms Zones' commitment to investing in its people, processes, and technology to meet and exceed client expectations. Organizations can trust Zones to deliver reliable, scalable, and forward-thinking solutions to address their most pressing IT challenges.
