

QuarkXPress 8: Xperience Design

Inspired by the designer's passion for perfection, QuarkXPress® is superior page-layout and design software depended on by creative and production professionals to deliver print, Web, and Flash® output.

QuarkXPress Gives You:	So You Can:
A modern, intuitive interface	Work faster and design more with fewer clicks
Built-in Web and Flash authoring tools	Design across media; share high-fidelity print content across the Web and in Flash format without purchasing a separate application or learning code
Designer-driven typography with hanging characters and advanced baseline grids	Easily create stunning text and achieve the effects you want with precise control
Native Illustrator® file import and new illustration tools	Easily import existing vector artwork; create illustrations directly in QuarkXPress
Common Illustrator and Photoshop® keyboard controls	Flip between QuarkXPress, Photoshop, and Illustrator without having to change the way you switch tools or manipulate objects; reduce your learning curve
Easy page layout with drag and drop functionality	Easily move text and pictures between QuarkXPress and any applications that support drag and drop
Items Styles and Item Find/Change	Reduce manual work, increase consistency
Output styles suited for PDF workflows, including PDF/X and PDF/X PLUS	Produce predictable, standardised output
International publishing features	Publish globally with dictionaries and hyphenation for more than 30 languages*; using a single file format, open and print a QuarkXPress 8 project created anywhere in the world; define high-fidelity East Asian layouts and typography**
Enhancements to everyday features	Design more precisely with fine-tuned features you rely on every day

*Dictionaries and hyphenation are available for the following languages:

Bulgarian	Catalan	Chinese (Simplified)	Chinese (Traditional)
Croatian	Czech	Danish	Dutch
English (International)	English (US)	Estonian	Finnish
French	German	German (Reformed)	German (Swiss)
German (Swiss Reformed)	Greek	Hungarian	Icelandic
Italian	Japanese	Korean	Latvian
Lithuanian	Norwegian (Bokmål)	Norwegian (Nynorsk)	Polish
Portuguese (Brazilian)	Portuguese (European)	Romanian	Russian
Slovak	Slovenian	Spanish	Swedish
Turkish	Ukrainian		

**East Asian layout and typography setup features are available in the East Asian and Plus versions of QuarkXPress 8.
