Zones Canada Named CDN Top 100 Mobile Provider of the Year
Mobility Award Positions Zones as Top Solutions Provider in Canada

Toronto, Ont., April 24, 2019 – [Zones, LLC.](#), today announced that [Zones Canada](#) was named [CDN](#)'s Top 100 Mobile Provider at the Top 100 Solution Providers Gala April 24. The national award recognizes Zones Canada as a top solution provider in Canada based on revenue attributed to mobility.

“We are delighted to offer Zones Canada this well-deserved recognition,” said Fawn Annan, President of ITWC, a company which counts CDN among its portfolio of important companies. “Mobility management is key for many companies in the channel to take their companies to the next level and we are happy to acknowledge Zones Canada’s leadership.”

Zones Canada, a comprehensive IT solutions provider, ranked an impressive 45th overall on the list and continues to grow, especially in the areas of cloud, security, and mobility.

“Being named to the CDN Top 100 Mobile Provider list is exciting and an honour,” said Zameer Hussain, Country Manager at Zones Canada. “Zones Canada has experienced growth of more than 800% year-over-year – driven by configuration and deployment as well as project management and consulting services. More clients continue to trust and partner with us because our team members have a relentless passion for the overall client experience. This award is a testament to our rapid growth as well as the hard work and dedication of the Zones Canada team.”

Today’s top companies count on Zones and its world-class partners transform their enterprises. Zones offers products and services across Workplace Modernisation, Network Optimisation, Data Centre Transformation, and Security Fortification solutions to lead clients through their digital transformations. That’s what makes Zones the First Choice for IT.™

The Top 100 Solution Providers event was sponsored by Tech Data, HP Canada, Dell EMC, VMWare,

ViewSonic and Eaton Industries. The gala was preceded by a channel building workshop sponsored by Avaya and Veeam and the Canadian Channel Chiefs Council. Samsung was an event supporter.
