

Access, Connect, Interact and Respond

Storage needs have been growing exponentially over the last few years and a well implemented storage strategy takes into account performance, access, impact on applications, virtualization, and disaster recovery contingencies. Leading-edge technologies and Zones service expertise will provide your business with solutions for your data center to improve the performance and management of your data while maintaining high security and availability.

Your storage needs are analyzed by solutions architects experienced in delivering solutions across a broad line of storage platforms. We help make complex technical solutions easier to implement by providing cost effective and scalable solutions to help limit your business with an overall management of your storage environment. Zones will plan, design, and implement a customized solution to fit your needs today and with keeping in mind your future growth.

Storage Solutions

Zones offers SAN implementation, storage optimization, and data recovery solutions. Implementing a new solution? Want to take advantage of the latest virtualization technology? Simply looking to improve capacity or performance? Zones is ready to be your go-to partner for storage management and storage expansion needs.

- Enhance business productivity – Since your applications support your overall business objectives, providing enhanced storage solutions will increase productivity by providing increased quality of service.
- Maximize data protection and availability – Protect your critical business information and keep it continuously available to support business processes across your organization. Integrated solutions offer built-in disaster recovery, off-site backup, intelligent archiving and other innovative technologies.
- Minimize acquisition costs – A storage solution offers resource sharing among servers while minimizing the amount of IT overhead. Increase utilization through a consolidated pool of storage with capacity ready to be shared or reallocated.
- Lower TCO through simplified management – Management adds tremendous costs over the life of any equipment purchase. Common tasks become faster and easier through centralized and automated management tools for both paper-based and electronic data.

Zones Advanced Solutions Group

The Zones Difference is Your Advantage

- Collaborate with trained and certified engineers
- Apply our business insights to solve IT challenges with innovative solutions
- Reduce the cost of IT through our technology lifecycle expertise
- Choose one source for all professional services – planning, design, delivery and management
- Leverage our relationships with leading vendors – HP, Cisco, IBM, Microsoft, Symantec, McAfee, VMware and more

Key Benefits of Zones Storage Solutions

- Advanced performance and functionality
- Increased efficiency lowers TCO
- High availability ensures business continuity
- Consolidation increases system utilization
- Increased service levels enhance productivity
- Flexibility to go across systems and applications
- Advanced protection against endpoint threats
- Data integrity through stable retention technology
- Easy-to-use interfaces streamline tasks

The Zones Difference is Your Advantage

Our best-of-breed solution partner ecosystem, technical delivery expertise and Zones CompleteCare Managed Services take the complexity out of leveraging and maximizing returns from your technology investments. Comprehensive and industry-standard end-to-end solutions and our ongoing service delivery and management capabilities reduce your IT costs.

The Zones services delivery process follows IT industry best practices methodology. Working collaboratively with our clients to apply our business insights in solving complex business needs with innovative solutions, we plan, design, deliver and manage solutions from our key vendors – HP, Cisco, IBM, Microsoft, Symantec, McAfee and VMware – to name a few.

The Zones difference is the Zones advantage your business needs.

About Zones

Zones is a national provider of end-to-end IT products and solutions to businesses. We go beyond IT as usual by delivering more value for clients – with superior solutions, service and expertise.

Zones technical experts help determine the best way to solve your business challenges and exceed your expectations. We take care of all the research, quoting, authorizations, capabilities, and possible risk factors – on time and on budget – to craft flexible, expandable IT solutions and customize them for your unique IT implementation.

For more than 20 years, Zones has built a solid national reputation of helping clients meet business challenges with industry-leading products and solutions. When you work with Zones, we become an extension of your team – bringing experience, flexibility and reliability to your business.
